MIC Global Risks

Customer Complaints Procedure

MIC Global Risks (Insurance Brokers) Limited (MIC) is committed to providing a superior level of client service and to treating all clients fairly.

Our aim is at all times to provide a first class standard of service. MIC is highly client focused, operates with high visibility and is responsive to client needs. However, there may be occasions when the objective may not have been achieved, hence EHS has the following client complaint procedure implemented:

Upon receiving the complaint, MIC is committed to:

- Acknowledging receipt of the complaint.
- Carry out a thorough and impartial investigation.
- Resolving the complaint as quickly and effectively as we can.
- Keep the client informed of the progress of your complaint.
- Treat all clients fairly.
- Maintain confidentiality of information at all times.

MIC is committed to acknowledge the complaint within 24 hours of receipt. The resolution shall be communicated to the client within 48-72 hours.

If MIC is unable to resolve the complaint within 72 hours of receipt, within the week, we will send the client a written response explaining the reason for the delay and the estimated timeframe for resolution of the complaint.

In the rare case that MIC is unable to resolve the complaint to the client's satisfaction, we will write to the client explaining the situation and the options available to the client.

Once a thorough investigation is complete, MIC will write to the client with our final response explaining the reasons of the outcome.

All complaints can be addressed to
